About the Activity

A Master Class on „Ú SKILLS NEEDED FOR TOMORROW ALONG WITH FUTURE OF WORK, Àù was organized by Chitkara Business School for its MBA 1st year students (Batch 2021). Mr. Francis Padamadan who is Senior Director for the Recruitment Process Outsourcing (RPO) and Business Process Services (BPS) practice for Asia Pacific Kelly (Outsourcing and Consulting Group) was the guest speaker. He leads a regional team, ensuring top-of-the class delivery and implementation of RPO and BPS solutions that enable organizations to overcome their talent and business challenges to achieve the company, Åôs ambitions. A seasoned talent management professional with over 15 years of experience, Mr. Francis had managed Kelly, Åôs largest operations team and was responsible for key account management and national sales across India in his previous roles. The session focused on the facts that a person should spend a lot of time on his/ her self-evaluation. A student should work on his or her areas of strength and try to develop that area as far as possible. In this fast-changing business scenario, one should be very adaptable to the changes that are taking place. There should be a feeling of cooperation, coordination, and teamwork among each other. Students should enjoy their work and their journey. They should focus on their goal, only they will be able to achieve it to the fullest.

Activity objectives and Outcome achieved

S.No	Objectives	Outcomes
1.	To prepare the students for the skills needed for tomorrow.	Students will be able to update themselves for future endeavours.
2.	To generate in them a feeling of Self-Evaluation & Assessment.	Students will become self-reliant by analysing future problems.
4.	To help them become Adaptable to the Corporate Environment.	Students will be updated with required skills to adapt Corporate Environment.
